

### Miscellaneous Test

- **Glow wire** test
- **Spectrophotometric analysis** to determine colorimetric coordinates CIE L\*a\*B\*
- **Measure of the surface glossness** of the parts
- **Dimensional evaluation**
- **Chemical NCO/OH determination** with automatic titration
- **Painting Adhesion test** with cross cuts methods
- Curing level in the **PE material**
- **Stress-cracking test**
- **Measurement of polymers viscosity** in solution
